Awesome tee shirts

Reviewed in the United States on May 24, 2025

Size: X-Large | Color: C6 | Verified Purchase

I bought 4 different shirts, a white and a blue USA, and 2 black We The People with stars and I love them. They're super soft and cozy with the perfect lightness.

Nice quality print and feel

Reviewed in the United States on May 28, 2025

Size: Small | Color: Red | Amazon Vine Customer Review of Free Product (What's this?)

The color of this shirt is a nice true red, material feels soft but durable, and the print quality feels good. Unfortunately, the wrong size was sent so it doesn't fit me. But since I usually wear an L/XL and received a S, that's really no surprise. I do think this is a good shirt. I'm sad that I didn't receive a size that would work for me.

This is a review of the America Flag T-Shirt for Women from the Beopjesk Store. This overall construction of this shirt is nice and the material is soft.

Size: XX-Large | Color: C11 | Amazon Vine Customer Review of Free Product (What's this?)

This shirt is pretty much exactly as they advertised it. It's true to size and fit exactly how it should. I've washed and dried it several times now and haven't had any problems with fading, color bleeding or shrinking. No complaints on this end. A nice shirt for the summer, especially July.

Very Nice

Reviewed in the United States on May 15, 2025

Size: X-Large | Color: Wine Red | Amazon Vine Customer Review of Free Product (What's this?)

I'm happy with this t-shirt. It's true to size, comfy, well made, looks good and the graphic is nice. The material could be a little thicker but it's not thin enough to make it look chintzy. It held up well in the washer (cold water) & dryer (low heat) and I didn't have any shrinkage. For the current price point ($14.99), it's a good value and would recommend.

Gracious

Soft, well-made, great graphics

Reviewed in the United States on May 9, 2025
Size: X-Large | Color: Blue-2 | **Amazon Vine Customer Review of Free Product** (What's this?)

I love the look and feel of this shirt! Not only is it a great patriotic design, but it feels luxuriously soft and is a great shade of blue - mine is style Blue-2. This shirt looks and feels like I'll be able to enjoy it for many years.

When you order your shirt, make sure you use the "US PLAID TEES CASUAL SHORT" numbers. I ordered off the "US T SHIRT FUNNY GRAPHIC TEES SHORT" numbers, because too big fits better than too small. It's a great oversized fit, but the large and apparently even the medium would have been a better fit than the XL.

Patriotic, lightweight and super comfy to wear!

Reviewed in the United States on April 23, 2025
Size: Large | Color: C7 | **Amazon Vine Customer Review of Free Product** (What's this?)

I really love this shirt! It's patriotic, eye catching and fits well!

I opted for design C7, the black shirt with 1776, We The People, and the American Flag on it. I love the graphics! They are very eye catching. Just be aware, the red on the flag is a little brighter than it looks in the product listing photo. I was expecting a more "worn" look. I love the white lines on the sleeves! It gives it more visual interest!

Sizing varies from brand to brand so I never know what to order. I like my shirts to fit a little looser, not wanting them to feel too snug or clingy, especially in the hot summer months. I opted for the large even though I typically wear a medium. I would rather it be too loose than too tight! I thought it fit perfectly! If you are unsure about sizing, I would recommend sizing up. The large fit me well but it wasn't baggy. The length was perfect, too - just the way I like it!

As for the material, I loved it. It isn't your typical stiff cotton. It has more of a silky, stretchy feel to it. I like

Customer Review

Soft and Comfy; fit appropriately.

Reviewed in the United States on April 21, 2025
Size: Large | Color: C6 | **Amazon Vine Customer Review of Free Product** (What's this?)

I don't know what's happened in the tee shirt world lately, but all of the new ones I've obtained have been a super soft, super comfy material, and this one is no exception! I just love how it feels.

It also washes nicely - and I always hang mine to dry so I can't speak of how it does in the dryer, but the label does caution about using too high a heat, so be aware of that. This one is a size large, which I chose just taking a chance, as there is no sizing chart in the product description. The size large fit properly, so apparently it's okay to order your usual size and you will get what you expect.

Naturally, the closer we get to Independence Day, the more I enjoy wearing my patriotic shirts, and this one is no exception. It's well designed without being too much in-your-face, and I definitely enjoy wearing it.

For the current price of $15, it's a real good deal!

great tent for this amount. by the way, the seller on the store page can take a coupon for a discount of ~ 10 $. stitched without sticking threads and smoothly. but in general, go shopping and see the quality of the tents even 2 times more expensive, will compare with what.]] the seams are all glued... reviewed everything, arcs 8mm, with two crossed arcs, and a set top (for some reason, its many from below crossed arcs put, it is put on top!) rigidity is enough for strong wind and for snow, well, if there is a desire you can put and arcs

Helpful | Report Abuse

6.5mm, checked, in the latch will enter. complaints that futprita no, also funny, the bottom is thick. the length is 208 cm-if the pegs stretch will be 210. width 123-124 cm. but here it is necessary to proceed from the **ities. all manufacturers declare the sizes on the bottom at the corners in a stretched state and all slightly overtake the sizes of cm and 5. the weight is ** 2700g. which is quite normal for such design. thick fabric and mesh minimum.

the order came in 4 days. i had to go to the delivery office myself. excellent tent. i use my use for two y**s. now i take similar doya friends. two-seat is optimal for one person with things. in the length of 1,9 m, the clamshell is freely placed 1,85 m. the bottom of the tent is waterproof, but since i use a clamshell, i bought it as an addition to a futprint. very much helps when i put the tent on wet grass. his tent took two y**s ago as a novelty on sale 11.11 for 6200₽, this took for 6650₽, a few days later on the price tag was already on sale..

tent for your money! the quality is normal. the smell was almost not. it is put quickly. it is collected also quickly. they will try to change the arcs for 9mm. i hope they will fit (arcs also from alika). it will be harder to design! archeo club hello. vsevolodu separately!! there are their 3-ka. also liked!

About us

I still remember the day I sat in front of my computer, my heart pounding with excitement and anticipation. It was the year 2018, and I had just launched 247embroidery, my very own custom embroidery clothing website. Little did I know that this virtual platform would become the catalyst for a deeply moving and transformative journey.

As the founder of 247embroidery, I was driven by a passion for art and a desire to create something truly special for each and every customer. I wanted to give people the opportunity to express their individuality and tell their unique stories through the medium of embroidery.

Everything about my experience with this seller was awful. Ordered 2 items- they only had 1 and asked if they could send the same item different color- I said that was fine. Only received 1 item after WEEKS and WEEKS of waiting for it. Seller claimed that "the other item was being shipped separately". Never arrived- back and forth arguing with me about refunding for the item that I never received. Awful seller, beware.

I ordered two pottery tools from this company. A small and medium. I was shipped a small and an xtra small. I contacted them notifying them I received the wrong product. They told me I was wrong. I then sent screenshots of purchase order to them. They offered me a 30% refund. I asked them to ship me what I had ordered. They ignored me for days. I asked yesterday for an update and just got a email saying they would offer me a 50% refund. When I went to message them back I was blocked.

Everything about my experience with this seller was awful. Ordered 2 items- they only had 1 and asked if they could send the same item different color- I said that was fine. Only received 1 item after WEEKS and WEEKS of waiting for it. Seller claimed that "the other item was being shipped separately". Never arrived- back and forth arguing with me about refunding for the item that I never received. Awful seller, beware.

I ordered two pottery tools from this company. A small and medium. I was shipped a small and an xtra small. I contacted them notifying them I received the wrong product. They told me I was wrong. I then sent screenshots of purchase order to them. They offered me a 30% refund. I asked them to ship me what I had ordered. They ignored me for days. I asked yesterday for an update and just got a email saying they would offer me a 50% refund. When I went to message them back I was blocked.

Well it's not just this seller. But again it was put into a plastic shipping bag. And you really expect it to arrive in working order, really? I know it's cheaper this way but now many people have the same problem. So each company has to refund or send another one to replace the broken one. How is the end result result cheaper. I just don't get it. So again I had to open it up to repair it to make it work. Now in working order

Coin received ok, a month after it was ordered (it came from China). It was listed as 0.999 silver, and it was indeed 0.999 silver (I measured it with a Sigma Precious Metal Verifier). I'm quite happy with this transaction!

A++++ Seller they gave me a great price and shipped it immediately and communicated friendly. Shipping was fast and they were packaged thoughtfully. The deck is smaller than I thought but the artwork is amazing. I recommend this seller to anyone who wants quality products at a great price.

Seller was very responsive when faced with an issue with product, even going as far as sending a new replacement with tracking. The product itself was cheap quality sent from China where seller is based, and I have no doubt the newer product will break too, but I truly appreciate the seller stepping in to help out.

Tina, is a great communicator and will provide you with any information you may need in order to help you make a decision. Perfect translucent watch strap for my new watch. The only one thing I would say is to be patient, in reference to shipping time; anything coming across the Pacific Ocean from China will take at least a minimum of 20 days.

Tina, is a great communicator and will provide you with any information you may need in order to help you make a decision. Perfect translucent watch strap for my new watch. The only one thing I would say is to be patient, in reference to shipping time; anything coming across the Pacific Ocean from China will take at least a minimum of 20 days.

Tina, is a great communicator and will provide you with any information you may need in order to help you make a decision. Perfect translucent watch strap for my new watch. The only one thing I would say is to be patient, in reference to shipping time; anything coming across the Pacific Ocean from China will take at least a minimum of 20 days.

***** · Past 6 months — Verified purchase
I am not sure what happened here the products were as described (which is nice as I have been scammed by different sellers with this product before) and well packaged and labelled but they arrived a good two months after they were expected - I am not sure if the problem was with the seller, the carrier or customs as the tracking number didn't show any movement the product just arrived one day long after I had given up on getting it. ¯_(ツ)_/¯ perhaps I just got unlucky

The item shipped very quickly, I originally got this as a gift for my girlfriend but we had a falling out during that time so I decided to keep it, and I actually kind of like it even though I never thought I'd like one of these haha! But the seller is great and very communicative as well! Thank you for being a great seller on eBay, and selling exactly what you have listed for a fair price. The item was also packaged well, there was no damage to the box or item.

The item shipped very quickly, I originally got this as a gift for my girlfriend but we had a falling out during that time so I decided to keep it, and I actually kind of like it even though I never thought I'd like one of these haha! But the seller is great and very communicative as well! Thank you for being a great seller on eBay, and selling exactly what you have listed for a fair price. The item was also packaged well, there was no damage to the box or item.

I am happy with this Seller and will buy from them again. I was able to pay a little extra to ensure that the items arrived before we left on our trip and they did make it there in time. I had to rate the item description (item condition: new) low only because my son told me that given the cost they are likely not "real" Beyblades; however, that does not mean that they are not in new condition.

***** · Past 6 months — Verified purchase

Exactly as shown in pictures. Very decent quality and brand new condition with nice packing. value wise it seems a bit on the high side but worth it. Appearance is very appealing. Shipping speed was way faster then I anticipated. Based on this experience, I will recommend this seller.

***** · Past 6 months — Verified purchase

The item arrived much quicker than expected and it looks fantastic! The description matched the item perfectly. This is a 20mm titanium bracelet for an Omega Seamaster and it is beautifully crafted, fitting perfectly to my watch. The vendor was quick and accurate and kept me informed of a delay that was expected. Excellent transaction!

I am happy with this Seller and will buy from them again. I was able to pay a little extra to ensure that the items arrived before we left on our trip and they did make it there in time. I had to rate the item description (item condition: new) low only because my son told me that given the cost they are likely not "real" Beyblades; however, that does not mean that they are not in new condition.

Beyblade Metal Tops Spinning Gyro Children Toys Fusion Master Gifts Battle Kids (#256559579967)

***** · Past 6 months — Verified purchase

Not quite as nice as pictured in the listing but quickly shipped at a good price. Arrived in about three weeks.

***** · Past 6 months — Verified purchase

Item received as described. Excellent value and superb materials along with very nice construction exceeded my expectations. I will keep this seller in mind for future purchases. Also, the item arrived well ahead of initial date.

***** · Past 6 months — Verified purchase

Excellent outstanding service Excellent communication assisted all the way coins arrived on time and as described A+++++++

***** · Past 6 months — Verified purchase

Thanks, exactly as described and the seller was very helpful explaining how to shorten the strap/bracelet. Great value for what feels like solid metal. Excellent ebayer, A+

Works well catching the gnats..but too sticky to stick in the ground. I left the protective paper in the bottom part..that helps stick it in the soil.

Wrong Style Sent. Low Quality.

I received the wrong hat and the seller will not respond to messages. The quality of this hat is pretty low for the price. The hat I did receive is on Ali and Temu for a couple bucks so I wonder if this seller is a drop shipper?? Overall, very disappointed in this purchase. Happy it is easy to return at my local Walmart store.

I have other President Trump hats, I think this is my favorite. I would like one with blue instead of black but this is awesome and I get lots of compliments about it. Thank you for supporting President Trump. We definitely need him in back in the White House. Vote Trump 2024!!!

I never received. I was just told it would be late but on the way. Please let them know I wanted it but never received. My latest email said it would be here by February 28 and now they're saying I already received it which I did not. Thank you.

Ordered these matching Grinch hoodies for Christmas early enough in November! However, they still ended up delayed and so not all of my family was able to wear it for Christmas. The majority of the hoodies arrived AFTER Christmas!! The material is white thin, it is definitely not lined. I do not recommend.

I have other President Trump hats, I think this is my favorite. I would like one with blue instead of black but this is awesome and I get lots of compliments about it. Thank you for supporting President Trump. We definitely need him in back in the White House. Vote Trump 2024!!!

Wrong Style Sent. Low Quality.

I received the wrong hat and the seller will not respond to messages. The quality of this hat is pretty low for the price. The hat I did receive is on Ali and Temu for a couple bucks so I wonder if this seller is a drop shipper?? Overall, very disappointed in this purchase. Happy it is easy to return at my local Walmart store.

The communication from the seller was incorrect as it kept saying my package was due December 9 and continue to say that even up until the middle of December. It took forever to get a refund instead of a Walmart credit.

The communication from the seller was incorrect as it kept saying my package was due December 9 and continue to say that even up until the middle of December. It took forever to get a refund instead of a Walmart credit.

We'd love to hear what you think!

I have other President Trump hats, I think this is my favorite. I would like one with blue instead of black but this is awesome and I get lots of compliments about it. Thank you for supporting President Trump. We definitely need him in back in the White House. Vote Trump 2024!!!

Trump 2024

I have other President Trump hats, I think this is my favorite. I would like one with blue instead of black but this is awesome and I get lots of compliments about it. Thank you for supporting President Trump. We definitely need him in back in the White House. Vote Trump 2024!!!

Terrible quality control. The plastic box/case protecting the Barbie/LeBron James doll has a misspelling on it. It was supposed to read, "Kenbassador." Instead, it reads, "Kendassadrs."

The item was not as described. It was not a Jellycat bear as described. It was not new with tags. There were no tags on bear! It was clearly false advertising and very disappointing, as it was sent as a gift. I would rate this seller as a zero! It was returned.

We'd love to hear what you think!

Item bought

This item cam shipped in an envelope and not a box. It was not new. The box was badly crushed and not sealed from the factory. If you wanted a collectible, it was not of any quality. Lucky I was only wanting the set and not making an investment.

We'd love to hear what you think!

Item bought
This item cam shipped in an envelope and not a box. It was not new. The box was badly crushed and not seated from the factory. If you wanted a collectible, it was not of any quality. Lucky I was only wanting the set and not making an investment.

I have other President Trump hats, I think this is my favorite. I would like one with blue instead of black but this is awesome and I get lots of compliments about it. Thank you for supporting President Trump. We definitely need him in back in the White House. Vote Trump 2024!!!

Wrong Style Sent. Low Quality.

I received the wrong hat and the seller will not respond to messages. The quality of this hat is pretty low for the price. The hat I did receive is on Ali and Temu for a couple bucks so I wonder if this seller is a drop shipper?? Overall, very disappointed in this purchase. Happy it is easy to return at my local Walmart store.
